Contact Us About Emergency Response to the Gold King Mine Release form

EPA is committed to working closely with response agencies and state and local officials to ensure the safety of citizens, respond to concerns and to evaluate impact to water contaminated by the Gold King Mine Release. EPA is sharing information as quickly as possible with the public as experts work to evaluate any effects the spill may have on drinking water, public health, agriculture, fish and wildlife. Please see our website for the latest information: <http://www2.epa.gov/goldkingmine>
Regular updates will be posted as they are available.

Comments: Hello...would it be possible to get any kind of map data so I can visualize the extent of the spill in a computer mapping tool? If so, would this data be updated as the event footprint evolves over time? Thanks!
